Dear Gary,

4/7/81

In TCI 2/80 Gary Mack has two different versions of the ostensibly same Dallas report on the paper sack. They say the opposite of each other about it.

These can be helpful if not actually important in several of my FOIA cases so I'd appreciate copies of each.

If you have any way of knowing the serial number within the 89-43 file of the consolidated report of which this is page 129 I'd like to know it because I have the Dallas copy of that report.

I'm getting more Dallas records but those that have come to date are of no importance.

It has been some time since I last sent Gary copies of records I thought would be of interest to him. I've not even had acknowledgement of receipt from him.

Is he OK?

The only address I had for him is KFJZ-FM and that is where I addressed him.

Thanks and best wishes,
